

K-Love station has helped our community in so many ways not only reaching out to teens but anyone who is looking for some uplifting when they are down. If KLove will be displaced by an LPFM broadcaster, our local community who listens to this station will lose all the positive encouragements they have heard on the airwaves. KLove station has helped not only our local community to have hope and know that we share all the experiences with others around the country and we are not alone. Without the family-friendly programming that KLove stations have provided, our airwaves will be filled with non-positive things that future generations will be hearing. I believe that it is the public interest to keep KLove on the air and not be discounted as non-value to the public. Thank you for your support.
